

Consent to Receive Auto-Dialed Calls & Text Messages  
to Your Mobile Phone Number

If you list a mobile phone number in your loan application or you provide an updated mobile phone number, then you authorize NinjaCard® and our affiliates, agents, assigns, and service providers to call and text that number using automatic telephone dialing systems, automatic texting systems, or artificial or prerecorded messages for any purpose, including application-processing and verification, loan servicing and payment reminders, collection, and marketing of our products and services. You understand that you are not required to consent to calls or text messages as a condition to receiving our products and services.

You agree to notify us immediately if you change your number or transfer your phone to another person. You also agree that this Consent applies to any mobile phone number that we may identify as yours by using data-appending services or other investigation methods.

You understand that text messages may be seen by anyone with access to your phone or mobile device. You understand and agree that anyone with access to your phone or mobile device may listen to or read the messages that we leave or send to you. Accordingly, you should take steps to safeguard your text messages if you want them to remain private. You agree that we will not be liable for anyone accessing those messages. If you do not want to receive calls or text messages, then you can unsubscribe by sending an email to [support@NinjaCard.com](mailto:support@NinjaCard.com) or by calling a customer service representative at [855-NINJA-42](tel:855-NINJA-42) ([855-646-5242](tel:855-646-5242)) specifying your preference. To stop text messages and calls to a mobile number, you can also simply reply “STOP” to any text message we may send you. Note that your receipt of mobile phone calls or text messages may be subject to service provider charges. Message and data rates may apply. You agree that we will not be liable for any charges, fees, or other costs incurred by you in connection with any call or text that we send to you.
